**Sliding Fee Discount Program**

The sliding fee level for Medical and Dental visits ranges from $20 to $95. There is a separate fee for inhouse labs of $10. Patients who qualify for the sliding fee program receive a discount on crowns, bridges, root canals and dentures based upon their slide level.

What if I don’t qualify for the sliding fee program?
For those who do not qualify, we offer a same day cash discount—with the potential of saving you hundreds of dollars. If you are unable to pay at the time of services, you will be billed for full charges and be financially responsible. We are also available to assist individuals with Medicaid applications and with the health insurance marketplace by appointment.

How much will I have to pay?
We offer four-tiered pricing based on a sliding level. The flat fee includes your visit with a medical provider and a Behavioral Health Consultant, if needed. All payments are due at the time of services. A member of our team can assist you with pricing for services not included in the visit copay.

If you are unable to pay at the time of services, you will be billed for full charges and be financially responsible. We are also available to assist individuals with Medicaid applications and with the health insurance marketplace by appointment.

How do we determine household size?
Household size is determined by all members of the household who are related and/or pooling resources. Members of a household who are unrelated and do not share income are considered separate households (i.e. college roommates paying separate rent/bills).

Can I receive care if I don’t bring in my paperwork and qualify for the slide?
Yes, however, if the necessary paperwork (proof of income) is not provided, the appointment can be rescheduled, or the standard charges will apply. That means you will be responsible for the entire cost of your visit. This can range from $125-$500 or more depending on your services. In addition, if you have an outstanding balance, you will be asked to make a payment prior to care.

All payments are due at the time of services. A member of our team can assist you with pricing for services not included in the visit copay.

Will the sliding fee program apply to outside services not provided by HPC?
No. Our program is available to medical and dental visits provided onsite at HPC. Sliding fee discounts may vary for referrals made to services provided by non-HPC facilities and providers. You are urged to complete charity applications wherever available.
At Health Partnership Clinic (HPC), our mission is to provide affordable, quality health care.

One way we do this is by offering a sliding fee discount program to all income-eligible uninsured or underinsured patients. This allows qualifying patients to receive medical and dental care at a lower cost—making health care affordable for you and your family.

Who is eligible?
Eligibility is determined by your household size and annual income.

How do I qualify?
To qualify, you must complete the sliding fee program application (available online, or by contacting our Financial Aid Coordinator) and provide the appropriate documentation of household size and annual income.

Once you complete the application and are enrolled by an HPC Financial Aid Coordinator, all qualifying charges from a medical or dental visit, above the visit copay amount, will receive a sliding fee discount. Enrollment must be renewed annually.

Unfortunately, we are unable to provide a discounted rate through the sliding fee schedule if you do not provide the required information.

Can a person with insurance qualify?
Yes! If you have insurance coverage, you may apply for the sliding fee program. Your insurance claim will be processed, and if you have a remaining balance, then the balance may be adjusted based on the sliding fee schedule.

Do I have to pay at the time of service?
Yes. It’s important our patients partner with our staff and invest in their own care. Those who qualify for the sliding fee program are expected to pay at the time of service. Refusal to pay the appropriate fee may result in the appointment being rescheduled. HPC offers many payment options including no-interest payment plans. Please contact us to determine your eligibility.

What are valid proofs of income?
Proof of income is required to qualify for the program and must be submitted for each household member with an income.

- Two most recent paystubs to equal 30 days
- Most recent annual federal income tax return
- Documentation of government assistance:
  - Unemployment compensation
  - SRS cash assistance
  - Social Security or SSI
- Disability determination with benefit amount
- Documentation of child support/ alimony
- Letter on employer letterhead, signed and dated by supervisor
- Financial award letter showing grants, scholarships, fellowships, or assistantships (Loans are not considered as income)
- Self-Employed: Submit detail of the most recent three months of income and expenses for the business. Adequate information must be made available to determine eligibility.

Please submit a notarized letter from the individual assisting you financially and include the monthly monetary amount provided. In addition, we are unable to accept W-2s.

What is income?
The following are approved ways to verify your household income:

- Wages and salaries before any deductions (gross income)
- Net receipts from non-farm self employment
- Net receipts from farm self employment
- Regular payments from Social Security
- Railroad retirement
- Unemployment compensation, public assistance
- Strike benefits from unions, worker’s compensation, veteran’s payments
- Training stipends
- Alimony, child support, military family allotments
- Private pensions, government employee pensions, regular insurance, or annuity payments
- College or university scholarships, grants, fellowships, assistantships (not student loans)
- Dividends, net rental income, net royalties, income received from estates, or trusts
- Gambling or lottery winnings
