or toll-free at 855-886-6938

For medical emergencies, call 911.

Our Olathe and Paola sites are recognized by the **National Committee for Quality Assurance (NCQA)** as patient-centered medical homes.

Experiencing homelessness?

We're here for you.

**Health
Partnership**

CLINIC

hpcks.org

At Health Partnership Clinic, we are the designated medical home in Johnson County for individuals and families experiencing homelessness. This means our health services—medical, dental and behavioral health—are available free of charge to those who qualify. This service also extends to unsheltered people in Franklin and Miami counties.

How do I make an appointment?

At our Olathe location, call **913-648-2266** or stop by to make an appointment.

For those in Miami (Paola clinic – **913-294-9223**) and Franklin (Ottawa – **913-401-2750**) counties, please call to schedule an appointment. Same day or next day appointments are often available.

Are medications affordable?

Yes! If medication is prescribed by the clinic, a federal program called 340(b) allows participating pharmacies to dispense medications at vastly discounted prices.

Our staff is also experienced in assisting patients with pharmaceutical companies' patient assistance programs (PAPs), allowing patients to receive affordable medications.

No-cost COVID-19 testing and vaccines are available to adults and children.

For details, please ask a member of our team.

What services are provided?

We treat a range of acute and chronic illnesses in addition to well checkups and physicals. Through our medical appointments, access to integrated behavioral health care is available with a behavioral health clinician. In addition, we offer Medication-Assisted and Substance Abuse services and limited dental care, at our Olathe location.

- Comprehensive primary care
- Management of chronic illnesses, such as diabetes and high blood pressure
- Family planning services, including treatment for STDs
- Substance abuse and mental health treatment on site and/or by referral
- Referrals to additional health and social service providers
- Health education and disease prevention
- Enrollment in insurance benefits

We also see patients where they are!

Our Mobile Integrated Health team, a partnership between the clinic, Olathe Fire Department and Olathe Health, brings care to patients in their homes and out in the community to break down barriers to care. This service is available only to Olathe residents. To access non-emergency care, call **913-334-8228**.
