## Expert staff. Accessible dental care. Affordable services.

Dental health is a vital part of your child's overall health and wellbeing. At Health Partnership Clinic, our experienced team of licensed dentists and hygienists are passionate about improving the overall health of our patients through quality dentistry.

Our expert team focuses our dental services for children up to 20 years old. We do this through comfortable treatments, friendly, culturally-sensitive care and helpful oral health education. We also support our patients' overall well-being through referrals to our medical and behavioral health providers, when needed.

We're proud to offer the latest technology, including our electronic health record system, digital dental x-ray and Patient Portal, designed to give you improved access to your medical history, our services and other important health-related information.
